PROFESSIONAL TIMELINE

July 2017—present

Owner, Sr. Software Consultant: Capewood Place, San Diego, CA

Capewood Place is a software consulting firm in the San Diego area. In addition to building high-quality software, we have a purpose to make an impact on those around us. To that end, a minimum of 3% of all revenue will be donated to help feed hungry kids in San Diego. Read more about this pledge at www.capewoodplace.com/giving.

March 2018—present

Software Consultant: Client: OneTouchPoint, Hartland, WI

OneTouchPoint is a provider of commercial printing services. I work on a number of projects to facilitate printing and delivery of materials, including protected health information (PHI), as well as an initiative to integrate two enterprise systems critical to the operation of their business.

January 2019—February 2019

Software Consultant: Client: Northwoods Digital Solutions, Milwaukee, WI

Northwoods is the creator of Titan CMS, but also provides custom software development services to their clients. I joined them to help complete a custom web application project that was running behind schedule and over budget.

November 2018—January 2019

Software Consultant: Client: Brilliant Ink, agency for Levi's, San Francisco, CA

Brilliant Ink is an internal communications agency that specializes in designing meaningful employee experiences. I advised them on a SharePoint environment they were implementing for Levi's.

April 2018—May 2018

Software Consultant: Client: Brilliant Ink, agency for ImmunoGen, San Francisco, CA

Brilliant Ink is an internal communications agency that specializes in designing meaningful employee experiences. Their client, ImmunoGen, needed visual updates to their SharePoint intranet to match new branding.

November 2017—present

Software Consultant: Client: Aurora Health Care, Milwaukee, WI

Aurora Health Care is a non-profit health care provider with 15 hospitals, more than 150 clinics and 70 pharmacies throughout Wisconsin and Illinois. I work with the Marketing Technology group to design and implement various user-facing technology initiatives.

April 2014—November 2017

Software Consultant: Client: Johnson Controls, Inc., Milwaukee, WI

Johnson Controls is a global company with many verticals. I worked with the building automation group, designing and building software to manage systems, such as HVAC, on campuses and in buildings.
