PROFESSIONAL TIMELINE

July 2017—present

Owner, Sr. Software Consultant: *Capewood Place, San Diego, CA*

Capewood Place is a software consulting firm in the San Diego area. In addition to building high-quality software, we have a purpose to make an impact on those around us. To that end, a minimum of 3% of all revenue will be donated to help feed hungry kids in San Diego. Read more about this pledge at www.capewoodplace.com/giving.

November 2017—present

Technical Architect (Consultant): *Client: Advocate Health, Milwaukee, WI*

Advocate Health (formerly Aurora Health Care) is the fifth largest non-profit health system in the US, serving communities across six states - Alabama, Georgia, Illinois, North Carolina, South Carolina and Wisconsin - with 67 hospitals, more than 1000 sites of care. I am the technical architect on the LiveWell platform, focusing on platform development through custom software and integrations that enable a patient to focus on their care.

October 2019—June 2020

Software Developer (Consultant): *Client: Kern Family Foundation, Waukesha, WI*

The Kern Family Foundation empowers Americans to build flourishing lives. Their Engineering Unleashed network is a community of more than 3,500 engineering faculty and staff with a shared mission to graduate engineers with an entrepreneurial mindset so they can create personal, economic, and societal value through a lifetime of meaningful work. I worked with them to design and build the Engineering Unleashed portal.

January 2019—February 2019

Software Developer (Consultant): *Client: Northwoods Digital Solutions, Milwaukee, WI*

Northwoods is the creator of Titan CMS, but also provides custom software development services to their clients. I joined them to help complete a custom web application project that was running behind schedule and over budget.

November 2018—January 2019

Software Developer (Consultant): *Client: Brilliant Ink, for Levi's, San Francisco, CA*

Brilliant Ink is an internal communications agency that specializes in designing meaningful employee experiences. I advised them on a SharePoint environment they were implementing for Levi's.

April 2018—May 2018

Software Developer (Consultant): *Client: Brilliant Ink, for ImmunoGen, San Francisco, CA*

Brilliant Ink is an internal communications agency that specializes in designing meaningful employee experiences. Their client, ImmunoGen, needed visual updates to their SharePoint intranet to match new branding.

March 2018—September 2019

Software Developer (Consultant): *Client: OneTouchPoint, Hartland, WI*

OneTouchPoint is a provider of commercial printing services. I work on a number of projects to facilitate printing and delivery of materials, including protected health information (PHI), as well as an initiative to integrate two enterprise systems critical to the operation of their business.

April 2014—November 2017

Software Developer (Consultant): *Client: Johnson Controls, Inc., Milwaukee, WI*

Johnson Controls is a global company with many verticals. I worked with the building automa-
